

Product Specification Sheet:

Astor Matira Height Adjustable Bath with Seat System

Highlights:

- Height adjustable to minimise handling strain
- 1,600mm compact option
- Integrated detachable powered seat system for safe transfer - removable for general family use
- Seat chassis for easy transfer from the bathroom to bedroom

The **Astor Matira Bath** is a feature packed height adjustable bath with detachable seat system. It is an ideal choice to promote independence in the home, allowing a safe self or assisted transfer into the bath without the need to use a hoist.

The **integrated powered seat** with its lap strap and nursing arms enables bathers to transfer safely and comfortably. Obstacle sensors ensure the motion halts if necessary. The seat can also be completely removed, and a **headrest fitted** to enable comfortable bathing for the whole family.

The **1,600mm option** of the Astor Matira Bath is ideal for small bathrooms and ensuites, with the unique internal shape giving the bather a spacious but supported bathing experience. The smooth lines also allow for easier cleaning and superior hygiene control.

With a proprietary bearing system, multi-layer GRP panels, twin gel coated seat and high grade 304 stainless steel parts, the Astor Matira has been built to the highest standard and is designed for longevity.

Standard Features:

- SWL 150kg/24st
- Detachable powered seat with lap strap, nursing arms, obstacle sensors and a transfer chassis
